

Teresa Update- 4/23/21

Family and Friends---

Sorry this "update" is pretty late! As you know, Teresa was discharged from the rehab hospital on March 10th. Then, she received in-home Physical Therapy and Occupational Therapy 2 to 3 times per week, and continued to make progress in walking and in upper arm movements. We felt that she would make even more progress if she was able to go to out-patient therapy back at Candler Rehab Hospital. Her insurance agreed to this and plans were made. Barb flew home on April 6th. Teresa was able to schedule her therapy dates, as well as transportation, for 3 sessions of OT and PT each week, through May. Since starting out-patient therapies, she is now able to move her right thumb, and has graduated on to walking with a cane. Teresa has a good attitude and continues to work extra hard in therapy and at home. We are certain that with God's help, (and a little "Burkhardt-Farley stubbornness") she will continue making progress!

Again, we thank you all SO much for the prayers,
Jerry and Barb

"and the prayer offered in faith will restore the one who is sick, and the Lord will raise him up".---"Pray for one another, so that you may be healed. The effective prayer of a righteous man can accomplish much". James 5:15, 16
